

# You are in for the time of your life!

**Warrior Tennis Camp** is aimed to inspire players of all levels, from beginners to recreational to competitive to advanced, are encouraged to join us for a week of complete tennis fun.

In addition to fun, friendship, and lifetime skills, and special tennis times, we stress leadership and goal setting in a clean disciplined environment. Participants are expected to work hard. In addition to the technical aspects of tennis, **Warrior Tennis Camp** focuses on physical fitness. Fitness helps not only to keep young athletes in shape but to create and sustain the necessary footwork for a more powerful and consistent game.

**Warrior Tennis Camp** also concentrates on the mental side. Players learn to develop the mental strength to overcome nerves, so that they can perform to the full potential of their ability. Participants also learn about tactics and strategy in both singles and doubles.

The focus of the program is to teach the fundamentals of technique and give young players a solid foundation on which to build their game. The program's overall goal is to ignite a passion for playing!
